Mahmoud Fouad

Software Development Section Head (Contact Center & Web Solutions) at Telecom Egypt

September 9, 2017, Mahmoud managed Eslam directly

" I was Eslam's Mentor during his training at TEData for two months. during his training, It was obvious he is a hard worker, fast learner and very talented developer. he helped me in developing application that enables employees to send SMS notifications for outages, he also helped me in Telecom Egypt IVR project. I believe that he would be an added value to any company and I strongly recommend him for any organization seeking a talented and committed developer."

Kirolos Alfy

CEO OF Propertzcrm

January 5, 2019, Kirolos managed Eslam directly

" I was managing Eslam directly for 4 months, He is Really One of the best employees which i worked with him and learned a lot from him, He helped me to train new Interns in my company. He is hard worker , and has a great ability to think with distinction in the most difficult and solve problems, I have enjoyed working with him, and I wish him continued success, i really love him as friend and as success partner in my company."

Jul 2017 -
